Natalia Guest Room

This is a comfortable bedroom with adjoining private bathroom and private entrance in the main house. The room has twin beds, (which can be made up as a king as seen here) air conditioning, cable TV, Wi-Fi, microwave, coffee and tea making facilities and a mini fridge.

Towels and bed linen are provided and changed twice weekly. The bathroom is newly renovated with a large shower, heated towel rails and vanity.

Right next to the bedroom there is a door leading to outside. This private entrance enables guests to come and go without having to go through the main house.

Guests are welcome to share use of the pool and facilities like the BBQ and loungers etc.

Natalia is located in a nice residential neighborhood - only a few minutes walk to the supermarket and main bus route to Hamilton and Dockyard. From here Warwick Long Bay is a 15 minute walk or it's a 5 minute drive to Horseshoe Beach.. This is a no smoking room with weekly maid service.
